

## System concept

The Duratec POS S15 combines security, efficiency and flexibility with ease of operation and programming at an extremely reasonable price, making it the ideal stationary POS system solution for small to medium-sized companies.

Print of receipts for entertainment expenses with automatic address query and intuitive guest check split- and transfer functions are but a few of the numerous field-proven functions that guarantee safe and efficient procedures.

Three prices per PLU, PLUs with free price input, happy hour- or ingredients functions provide you with the required flexibility to react to different customer groups and customer requests.
